1. Director Inquiry under his letter dated 09.02.2022 to the Manipur Lokayukta requested for constitution of Technical Appraisal team for assisting inquiry officer in assessing the quality, quantity and specification of the work under complaint. After perusal of the complaint for executing the work under complaint without complying with the technical specification provided under the work rules and also non completion of the work under complaint within the stipulated period, we are of the considered view that the inquiry officer is required to be assisted by an expert in conducting the inquiry which also includes the assessment of quality, quantity and specification of the work under complaint. Among the set of Engineers sent by the Chief Engineer PWD, Manipur, Chief Engineer cum E.O RED/MSRRDA and Under Secretary (RD &PR) Government of Manipur, some have already been appointed as experts for assisting the inquiry officers in different cases. Accordingly, the Engineer whose services have not been utilised as an expert for assisting the inquiry officer has been considered and Shri L. Nilajit Singh, E.E,(RD&PR) Government of Manipur is appointed as a Technical Expert for assisting the inquiry officer in conducting the present inquiry. It is made clear that the utilisation of the services of Shri L. Nilajit Singh, E.E, (RD&PR) as an expert in the present case will not be heavy and the utilisation of his expertise in conducting the present inquiry will be at the most two to three times while visiting the spot inspection of the work under complaint. Therefore, utilisation of the services of Shri L. Nilajit Singh, E.E, (RD&PR) as an expert in this will be in addition to his normal duties and his present transfer and posting is not required to be disturbed.
